

Five Reasons Why One Lincoln Park Will Exceed Your Expectations

Compare One Lincoln Park's top five services and you'll see how you can embrace Independence or use our appealing Personal Assistance options.

Chauffeured Transportation

Drive your own vehicle or use our chauffeured transportation that stands above the rest. A fleet of six luxury cars and a staff of sixteen drivers are available seven days a week from 8am-5pm.

Floor Plans

Over 20 floor plans are available from studios, one and two bedroom suites, and larger combo units that fit every need and lifestyle. Many offer balconies, solarium windows and incredible views. All apartments include all of our services in one monthly fee.

Dining Options

Prepare your own meals in your apartment or enjoy a large selection for breakfast, lunch and dinner in our beautiful Dining Room. Room service and pick up service are also available every day.

Personal Assistance

Since we partner with a licensed home health agency, a Personal Assistance team consisting of qualified Aides, LPN's and RN's are on-site. They can assist with medication reminders, meal preparation, daily grooming and more, and are available for 15 minutes or 24 hours if and when you need them.

Vacation & Respite Stays

Short term stays are available in our furnished guest suites. Many use us as a short vacation and a way to remain independent when caregivers might not be available. Our apartments provide a more home-like atmosphere for respite stays while the Personal Assistance Team provides necessary support until you are ready to go back home.

Want all the details? Visit our website and download a flyer for transportation, floor plans and menus.

We are celebrating 28 years of service and consistently upholding an excellent reputation.

Try a delicious Turkey Club Sandwich with a fruit plate or salad with our compliments during your tour!

Five Outstanding Facts About Our Staff & Rehabilitation Programs

We are focused on getting you back to your daily activities and enjoying life.

Rehab & Home

Our Rehab patients return home an average of five days sooner than other area facilities. We are dedicated to achieving our patient's rehab goals, while ensuring their return home is successful.

Close Monitoring by our Medical Director

Our Medical Director, Dr. Louis Heckman, is hands on. As our Medical Director, he is available when a change might be needed in your medications or treatment. Reacting promptly to your needs can mean all the difference in recovery time.

Experienced, Knowledgeable Staff

Most of our therapy team has 15-20 years of experience and are specialists in their field. They have developed treatment plans that have resulted in successful outcomes for hundreds of patients. Our therapy team remains consistent during your stay, knowing just the right amount of therapy you need to make quicker strides in your recovery.

A Trusted Facility

We have been recognized by U.S. News & World Report as one of the top Nursing Home facilities in the nation!

Your Preferences Matter

We cater to your needs as much as possible when you stay with us. If you would prefer to sleep in, we will try to schedule therapy later in the day. If you would like a newspaper every day and room service for your meals, we will do our best to accommodate your requests and preferences.

PRE-PLANNING FOR A SURGERY?

A typical stay can be driven by an elective surgery. Preregistering for rehab can help ease the transition from the hospital, but is not required. We have rooms available and can admit patients anytime day or night, seven days a week.
